PROJECTS

Personal Website, Full Stack Developer

[\[GitHub\]](#) [\[Website\]](#)

- Created a personal portfolio website using React to demonstrate past projects and accomplishments
- Built a website interaction platform using Styled components enhancing the user experience by adding simple functions making website easy to navigate
- Designed individual contact forms with Ant Design frameworks by researching and developing a clear knowledge of how components are used

Potluck Planner, Front End Developer

[\[GitHub\]](#) [\[Website\]](#)

- Developed forms using Yup schemas to validate data allowing users to create their own new and unique events
- Implemented all pages and forms by using Styled components and Bootstrap which gave all users accessibility and lead to quick response time and when information was correctly inputted
- Built a 'Meet the Team' page where each photo of the team is interactive and is responsive to mouseover

Underdog Devs, Front End Developer

[\[GitHub\]](#) [\[Website\]](#)

- Developed a component in React which pulled all the positive reviews a mentor has given a mentee into a table for admins to view
- Built submission forms in React using Ant Design form for mentors to submit reviews about mentees and vice versa
- Worked close with backend developers to ensure components are correctly connected and displayed the proper data used

EXPERIENCE

Whole Foods Market, Rochester Hills, MI - Deli Clerk

Aug 2019 - June 2021

- Promoted in 3 months from back-of-house to cooking station; prepped and produced 32 menu items per shift
- Oversaw 30+ selections of cold cuts and safely prepared food by managing temperature, rotation, and inventory
- Prepared 25+ custom orders for customers ranging from pizzas, sandwiches and salads to thanksgiving and other holiday catering orders

Mr. Quick, Muskegon, MI - Manager

May 2016 - July 2019

- Achieved customer satisfaction with educating customers on food prep, and rotated fresh meals to ensure exceptional quality
- Managed shift scheduling and training of 5 employees, with special attention to state labor laws for work/break schedules for high school-aged staff
- Monitored ~\$5,000 in daily sales and digitally tracked real-time cash flows at 120-minute intervals
